Description of fiscal impact:

SB 380 prohibits the Department of Justice from issuing a title to or registering a motor vehicle that belongs to an illegal alien, as well as allows the department rule making authority which would result in a small expense to the general fund in FY 2010.

FISCAL ANALYSIS

Assumptions:

1. Under SB 380, the department will have the authorization to adopt rules in order to implement proposed legislation for a one-time fee of \$750 in FY 2010.
2. Most individuals who own vehicles in Montana will provide a valid driver's license number when registering and/or titling their vehicle.
3. The department assumes that if an individual presents a valid driver's license number they are authorized to have their vehicle(s) registered and/or titled in Montana because driver licensing currently encompasses the authorized presence requirements of individuals.

4. If an individual cannot present documents supporting their legal presence in Montana, the Department of Justice and its business partners, the county treasurers, would not process the requested vehicle title and/or registration.
5. The department will provide training for staff and business partners related to determination of legal presence. This is a business process, and training would be included in the normal training provided by the department for business partners and staff.
